

Salon System's Nail Art intro kit, available from Original Additions is an ideal way to enhance fingers and toes.

If you thought the only way to dress up your nails is with nail polish then think again! Salon System's range of Profile Nail Art, available from **Original Additions**, is an ideal way to enhance beautifully manicured fingers, toes and nail extensions.

The range has everything you need to create a truly stunning effect and can be applied to natural, polished or enhanced nails. Designs can be as creative and bold as you dare - the only boundary is your imagination.

Products include: Fine liner Brush, made of high quality sable; Special Effects Tool, a double-ended tool that can be used to achieve shaping, spotting and marbling effects; Nail Art Pen, a two-way nail art pen available in Silver, Gold, White and Black, and Rhinestones, available in sets of individual colours or as a multicolour wheel, to name but a few.

All of the above Salon System products are available to buy separately or as a complete set with the Nail Art Intro Kit.
