

# Salon System launches 'Just Wax Spa' range...

Combining tranquil lotus with the intoxicating fragrance of jasmine and sandalwood to soothe the senses and calm the mind, the new Salon System range of spa waxes has been unveiled in time for **Professional Beauty North**.

Throughout the range, lotus offers anti-allergic properties, whilst sandalwood is both soothing and antiseptic. Jasmine is beneficial for dry and sensitive skins, and the whole range combination has been designed to leave the skin soft smooth and silky.

The Just Wax Spa range includes three new products; Spa Lotus & Jasmine Cream Silk Wax (a pearlised cream silk wax with tranquil lotus, jasmine blossom and sandalwood to 'soothe the senses and leave the skin soft, smooth and silky'), the Spa Pre Wax Cleanse & Calm (a pre wax cleanser with

tranquil lotus, jasmine blossom and sandalwood to 'gently cleanse, calm and relax before any waxing treatment') and the Spa After Wax Rescue Balm (an after wax lotion with tranquil lotus, jasmine blossom and sandalwood to 'calm, soothe and moisturise').
